

Our Mission

Provide a pathway for young women to flourish in the field of global health and have a meaningful impact on the health and lives of others.

INDIVIDUAL Emulate Leadership

Women enter the workforce at higher technical levels. They promote strong and diverse female networks that open spaces for other leaders. Women are confident, resilient & courageous in the workplace.

INSTITUTIONAL Strengthen the Sector

Diverse women are in leadership roles bringing about responsive programs & health systems as well as effective partnerships both at the north-south and south-south levels.

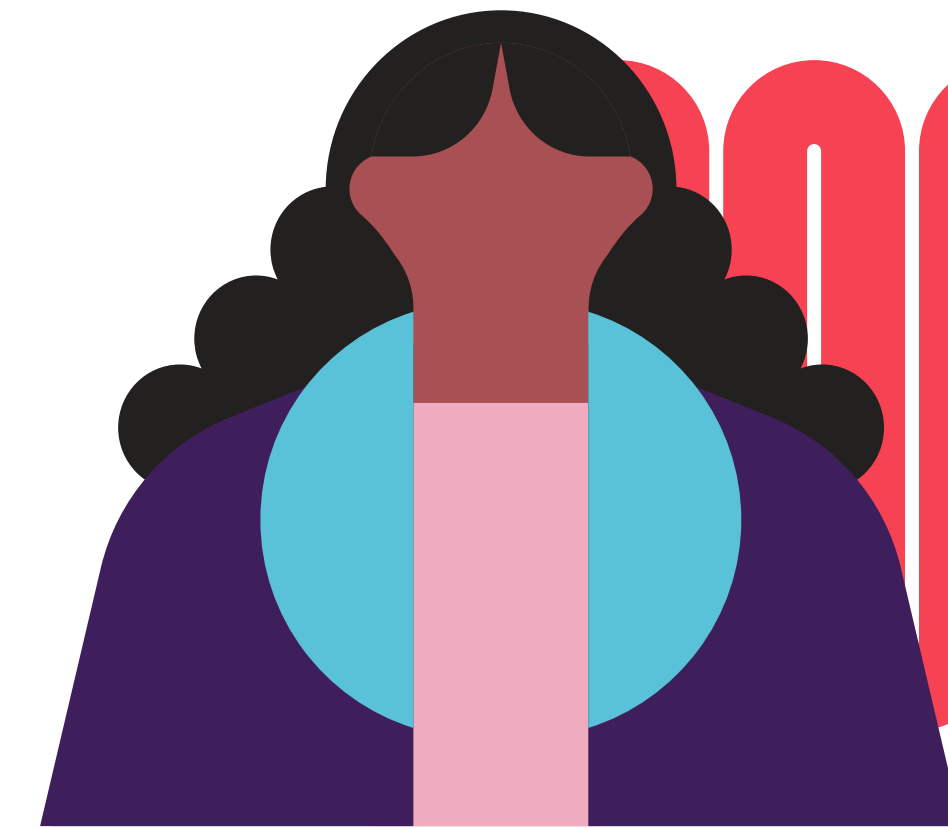

SOCIETAL Transformative Change & Intentional Inclusion

Diverse women leaders are valued and their leadership helps transform health practices & policies.

Our impact

Expand female representation and diversity in global health leadership.

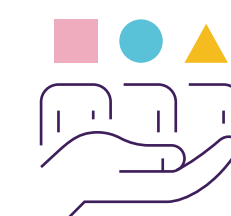

Our Vision

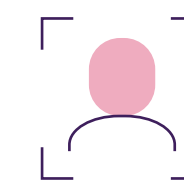

Women from under-represented groups have a clear pathway to leadership and have meaningful impact on the health and lives of others.
